

REMARKS

Claims 10-18, 25-33 remain in this application. Applicant respectfully requests re-examination.

A request for a one-month extension is submitted herewith.

Claims 8, 9, 23, 24, 34, 35, 37 and 68-75 were rejected under 35 U.S.C. §112 as not being enabled by the specification in that the claims called for a light source with a visual clarity wherein the peak emission wavelengths of the light emitting materials are unlimited or the light emitting materials are not limited to a specific combination of phosphors, as described in the specification. Applicant respectfully traverses. Nevertheless, these claims have been cancelled without prejudice.

Claims 9-18, 24-35, 37, 69-71 and 73-75 were rejected under 35 U.S.C. §112 second paragraph, as being indefinite for the multiple reasons set forth in the Office Action.

The claims have been amended in a manner which, hopefully, obviates the ambiguities identified in the Office Action with respect to the various claims.

The Office Action indicated that claims 10-18 and 25-33 would be allowable if rewritten to overcome the rejection under 35 U.S.C. §112 second paragraph, and to include all of the limitations of the base claim and any intervening claims. Claims 10, 15, 25 and 30 have been amended into independent form in the manner suggested in the Office Action.

Applicant respectfully submits that independent claim 10 is now allowable. Claims 11-14 depend from claim 10. Applicant submits that these claims are, therefore, also allowable.

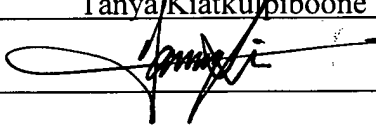

Applicant submits independent claim 15 is now allowable. Claims 16-18 depend from claim 15. Applicant submits that these claims are, therefore, also allowed.

Applicant respectfully submits that claim 25 is now allowable. Claims 26-29 depend from claim 25. Applicant submits that these claims are, therefore, also allowable.

Applicant submits that independent claim 30 is now allowable. Claims 31-33 depend from claim 30. Applicant submits that these claims are, therefore, also allowable.

In light of the above amendments and remarks, applicant respectfully submits that all the claims remaining in this application are in condition for allowance, and respectfully requests that all the claims be allowed and this application passed to issue.

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on March 30, 2006.
